ABOUT ZINGELWAYO

Zingelwayo Security has been in business since 2008 and has grown to be a well known player in the Durban area. We currently have 25 full-time happy staff and casual employees due to the nature of demand in our industry.

Zingelwayo Security prides itself on the ability to continually source the most professional security personnel in the industry. This process involves not only on-going recruitment, but also updated training programs for current personnel. This ensures that all our personnel are up-to-date with all the latest developments in the security industry.

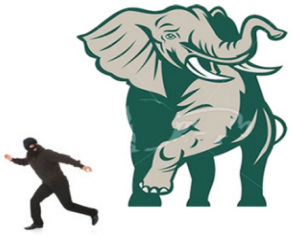

Zingelwayo Security personnel are assessed on job suitability prior to placement. Security personnel are then provided with additional site-specific training, as part of our on-going commitment to exceed Clients expectations.

Zingelwayo recognises that in order to source and keep our personnel, we must provide good working conditions and pay excellent wages. At Zingelwayo we believe we have succeeded, as our personnel retention rate is well above industry standards.

Zingelwayo Security builds strong partnerships with all clients and believes this is maintained by investing in our personnel. This ensures site stability and client longevity. Additionally, this is supported by our management's ability to always listen to and act upon our Clients needs.

Zingelwayo Security has a Level 3 BEE Certificate and is VAT registered.
